

The logo for Foothealth 2017 features the word "foothealth" in white lowercase letters and "2017" in orange lowercase letters, set against a black rounded rectangular background with an orange border. Above the text are several small orange circles of varying sizes, connected by a thin orange line that curves around them.

# foothealth 2017

## Dr Ivan Bristow

Ivan Bristow is a Podiatrist, working within the Faculty of Health Sciences, University of Southampton and is the Admissions Tutor for the BSc (Hons) Podiatry Programme. His clinical and academic expertise focusses on skin diseases of the foot. As an author and researcher he has presented his work globally and continues to investigate new treatments and technologies in the management of foot dermatoses and infections.

## Val Edwards-Jones

Val has over forty years experience as a microbiologist. Her research areas include toxic shock syndrome, wound-care, diagnosis of infectious disease and rapid methods to identify microorganisms. She was Consultant Microbiologist on the TV show Embarrassing Bodies.

## Paul Harradine

Paul Harradine is a clinical podiatrist and director of The Podiatry Centre Ltd. Paul is a doctoral student at the University of Southampton researching observational gait analysis. Paul has gained an MSc and CertEd working in both NHS clinical specialist posts and educational

settings before becoming a full time private practitioner in 2003. He has published papers in podiatric, physiotherapy and orthopaedic texts on first ray function, plantar pressure analysis technology, taping, orthoses production and foot function theory amalgamation.

## Dr Jean Mooney

Jean qualified as a Podiatrist/Chiroprapist in 1981 from the London Foot Hospital and School of Podiatric Medicine, and initially practiced in the NHS as aclicianian / Service Manager, and established her private practice. In 1987 she moved to higher education, primarily teaching and lecturing on the Podiatry degree programmes at the University of Westminster, University College London, and the University of East London. Jean has been the consultant podiatrist to the Royal Hospital Chelsea since 2006.

## Dr Nat Padhiar

Consultant Podiatric Surgeon and Honorary Reader. Nat held the position of Consultant Podiatric Surgeon at The Royal London Hospital 1991-2011. He currently works in the private sector at the London Independent Hospital and Harley Street. He is an Honorary Reader, Internal Examiner, Co-leader for Podiatric

Sports Medicine and Module Leader in the Centre for Sports & Exercise Medicine (CSEM), William Harvey Research Institute, Queen Mary, London University. In his professional capacity he has been part of the medical team and has attended World Student Games (1991), Commonwealth Games (2002), Island Games (2003), Everest Marathon (1993,1995), Mongolian Sunrise to Sunset Marathon (2001-2003), Daily Telegraph/British Brain & Spine Foundation London Marathon Team (1999-2007), London Triathlon (2005) and London 2012 Olympic & Paralympic Games (2012).

## James Welch

James qualified in 2001 from University College London & the London Foot Hospital, and is working as an Advanced Specialist Podiatrist (MSK) in Surrey, plus running his well-established private practice. He has been an integral member of the Podopaediatrics Specialist Advisory Group for more than 10 years, having lectured for them nationally. In the field of Podopaediatrics he has a special interest in Hereditary Connective Tissue Disorders (HCTD) and Osteochondritides. He is currently completing his MSc in the Principles of Podiatric Surgery, with his dissertation looking into the usage and efficacy of corticosteroidal injections for recalcitrant plantar fasciopathy.
